

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

41 CFR Part 51-5

Mandatory Source Requirement

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Proposed rule.

SUMMARY: This proposed rule revises the Committee's mandatory source requirement regulation to permit sales of Javits-Wagner-O'Day (JWOD) products to the Government through commercial distributors as well as the Committee's traditional sources of supply.

DATES: Comments must be submitted on or before September 26, 1995.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, Crystal Square 3, Suite 403, 1735 Jefferson Davis Highway, Arlington, Virginia 22202-3461

FOR FURTHER INFORMATION CONTACT: G. John Heyer, (703) 603-7740. Copies of this notice will be made available on request in computer diskette format.

SUPPLEMENTARY INFORMATION: Entities of the Government desiring to buy commodities and services which are on the Committee's Procurement List are required by law (41 U.S.C. 48) to buy them from a qualified nonprofit agency designated by the Committee at the fair market price established by the Committee, in accordance with the Committee's rules and regulations. The Committee has traditionally interpreted this statutory mandate as requiring a direct buying relationship between a Government entity and a nonprofit agency. The Committee's mandatory source requirement regulation, 41 CFR 51-5.2, is based on this interpretation.

In light of ongoing changes in Federal procurement, the Committee has reexamined its traditional interpretation of its statute and has concluded that the regulatory authority it has been granted allows it to prescribe by regulation that its products may be procured through commercial distributors. As Government distributors such as the General Services Administration and the Defense Logistics Agency have long been providing these products to Government agencies, the Committee does not believe that this new interpretation is a departure from the statutory scheme which Congress established for the Committee to create jobs for people who are blind or have other severe disabilities by requiring Government agencies to purchase

commodities and services from nonprofit agencies which employ these people.

The current version of the mandatory source requirement regulation mentions the Department of Veterans Affairs (VA) as one of the Government central supply agencies which distribute commodities produced by the JWOD Program. Because VA has closed its depot system, a specific reference to VA does not appear in the proposed regulation. The proposed regulation retains the requirement that persons providing commodities to Government agencies by contract are required to order them from the same Committee-authorized sources the Government agencies would use if they bought the commodities directly.

Regulatory Flexibility Act

I certify that this proposed revision of the Committee regulations will not have a significant economic impact on a substantial number of small entities because the revision clarifies program policies and does not essentially change the impact of the regulations on small entities.

Paperwork Reduction Act

The Paperwork Reduction Act does not apply to this proposed rule because it contains no information collection or recordkeeping requirements as defined in that Act and its regulations.

Executive Order No. 12866

The Committee has been exempted from the regulatory review requirements of the Executive Order by the Office of Information and Regulatory Affairs. Additionally, the proposed rule is not a significant regulatory action as defined in the Executive Order.
